MOSQUITO INVESTIGATION PRESS RELEASE

Central Massachusetts Mosquito Control Project personnel will be in Natick to investigate resident's complaints about mosquitoes on the following dates **in August**:

August 3, 4, 10, 11, 17, 18, 24, 25, 31 and September 1

The above dates are subject to change due to weather conditions, mosquito populations, mosquito virus activity and /or special event spraying. This program will shut down when cool night time temperature becomes predominant in this area.

A detailed notice about our spray schedule is posted on the CMMCP phone system after 3:30 p.m. each day, and it is also listed on our website <http://www.cmmcp.org>

Complaints about mosquitoes may be registered by calling the CMMPC office at (508) 393-3055 between 7:00 a.m. and 3:30 p.m. Monday through Friday.

The results of an investigation may warrant the use of a mosquito insecticide to defined site-specific areas of the town. Such an application may be accomplished by using hand or truck-mounted equipment depending on the extent of the application.

Anyone who wishes to have their property excluded from spraying should notify the city/town clerk and the CMMCP office.
